In the first introductory part, MacKenzie offers a definition of international organizations:

States created international organizations to do things that they could not do on their own or to prevent from happening things that were not in the state's interests. International

The History of
International
Organizations—What is
New?

This makes eminent
sense: the law of
international
organizations has

Download Free An Introduction

always been conceived (if conceived in theoretical terms to begin with) as having something to do with the links between the organization and its member states: those members set up their organizations for certain purposes, and create the legal environment to help the organization realize its functions:

Download Free An Introduction

they provide them with powers, grant privileges and immunities, and often pay a membership contribution.
