What's the Archaeological Evidence?
Archaeologies Of The Contemporary Past
Archaeologies of the Contemporary Past turns
what is usually seen as a method for
investigating the distant past onto the
present. In doing so, it reveals fresh ways
of looking at both ourselves and modern
society as well as the discipline of
archaeology. The contributions to this volume
represent the most recent research in this
area.

Archaeologies of the Contemporary Past:
Amazon.co.uk ...

Archaeology of the Contemporary Past is an
emerging area of research activity, involving
a range of disciplines and with researchers
from the higher education and heritage
sectors. People's definitions vary, but for
me this is a period of study that deals
literally with the contemporary past, the
world we have experienced and shaped through
our daily lives and practices.

places and events that relate to the period of recent or living memory—is a dynamic new field which engages critically with what it means to be 'us', with the politics of late-modernity, and with the nature, shape and relevance of archaeology as a contemporary research practice.

Open Research Online

The archaeology of the contemporary past is a new and interdisciplinary field of research that intersects with heritage studies, art, ethnography, and modern history. This kind of archaeology, as it is practiced today, was born in the late 1990s. However, its intellectual roots go further back (Harrison 2011: 144-9).
