In any case, a male cat needs more than one female to keep it happy, and its owner will have to decide whether to keep at least five or six females or to advertise the male at public stud. So for the beginner, it is better to buy a female kitten, sending her away to stud when she is sufficiently mature. The majority of female cats live quite happily in the house as pets, whereas with a male it will prove practically impossible to allow it the freedom of the home due to his habit of spraying.
