Are Your Important ...

A person who is writing advance directives needs to plan for such an end stage of life. Another option is to refrain from writing advance directives that specify particular treatments but, instead, to designate a health care agent. The agent would be someone who will make decisions for you when you can no longer make them for yourself.

Making End-of-Life Decisions: Advance Directives

In end of life decisions the question of how much harm is caused by the treatment needs to be considered, as does the question of whether death itself is always a harm.
