*Financial Management: Theory and Practice by Eugene F. Brigham*

Basically, financial management theory deals with the usage of money in a business, including all acquisitions, sales and expenditure. Its effectively taking financial management theory and applying it to practice applicable to your organisation. Sometimes we just call it finance management. Financial management theory will assist you and provide tools, when put into practice will help you achieve the financial goals of the organisation.

## *Financial Management: Theory & Practice* Solution Manual File

Excellent book with detailed coverage of most of the topics in finance. Also, to my pleasant surprise the book contains some topics that are, strictly speaking, not considered to be part of finance. Great printing quality and easy-to-read text. It is one of the books that RBI recommends for RBI Grade B exam.
