Motorcycle helmets are essential protection for keeping your head safe while zipping along the open road. Pulling your helmet down over your head should result in a secure and comfortable fit. If you feel an uneven surface in the padding material of the helmet, you may need to repair the lining.

~~How to Repair Motorcycle Helmet Lining~~

If there is any doubt about the security of your work area, lock your toolbox or, if it's a smaller box, take it to a secure place. Tools grow legs and it can ruin your day to find something missing especially when you need the tool, not to mention, it can get very expensive. 7. Hang around with some knowledgeable friends.
