o . don-

simmonds . co . uk

It is a regents review book so there isn't much to say. I purchased this for my son who is taking the NYS Living Environment exam this year. He seems to spend more time using

Read Book Lets Review Biology

the review sites
on his laptop
rather than what
is in this book.
I guess that is
a sign of the
times. I looked
over the book
and it does have
great sections
that briefly
explain the
material covered
on the exam.
