Manias, Panics, and Crashes. I think that CPK began to work on the book in the spirit of writing a natural history, rather as Darwin must have done at the stage of the Beagle –collecting, examining and classifying interesting specimens. Manias, panics, and crashes had the advantage over rodents, birds, and

Manias, Panics, and Crashes

The book opens by describing the late economist Hyman Minsky's theory of credit cycles. Minsky is a man of the moment, having recently come back into intellectual fashion in financial economics, but when the first edition of Manias, Panics and Crashes was published in 1978, this was contrarian stuff. The "efficient markets hypothesis" was at its height in economics departments.
