Maria Sabina And Her Mushroom

María Sabina Magdalena García was a Mazatec sabia, or curandera, who lived in Huautla de Jiménez, a town in the Sierra Mazateca area of the Mexican state of Oaxaca in southern Mexico. Her healing sacred mushroom ceremonies, called veladas, were based on the use of psilocybin mushrooms, such as *Psilocybe cyanescens*. They are known for introducing the western world to entheogenic mushrooms.

### María Sabina: The Mazatec Magic Mushroom Woman

María Sabina was well-respected in the village as a healer and shaman. She'd been consuming psilocybin mushrooms regularly since she was seven years old, and had performed the velada mushroom ceremony for over 30 years before Wasson arrived. The intention of the all-night velada was to commune with God to heal the sick. The spirits, if effectively contacted, would tell Sabina the nature of the sickness and the way it could be healed.

Because the spiritual energies of the sabia would always dominate the velada, María Sabina would normally consume twice as many mushrooms as her voyagers, sometimes up to twelve pairs. In the tradition of Mazatec shamans and curanderas, María Sabina would first chew the mushrooms, hold them in her mouth for a while, and then swallow them. The mushrooms should be consumed on an empty stomach and eaten over a 20-30 minute period.
