Susskind, a British information-technology consultant and futurist, is not necessarily predicting the end of the legal profession in this thought-provoking but overly long and convoluted book. He is predicting that within a couple of decades, lawyering will have changed in ways that the typical law firm partner of 2009 can hardly envision.

The End of Lawyers?: Rethinking the Nature of Legal ...

In this much anticipated sequel to the legal bestseller, The Future of Law, Susskind lays down a challenge to all lawyers to ask themselves, with their hands on their hearts, what elements of their current workload could be undertaken differently - more quickly, cheaply, efficiently, or to a higher quality - using alternative methods of working. The challenge for legal readers is to identify their distinctive skills and talents, the capabilities that they possess that cannot, crudely ...

The End of Lawyers? Rethinking the Nature of Legal Services By Richard Susskind

(PDF) The End of Lawyers? Rethinking the Nature of Legal ...

The End of Lawyers is the second instalment of Richard Susskind's vision of the future shape and texture of legal practice. Reflecting on the nature of legal service, Susskind's central premise is that the role and influence of lawyers is 'on the brink of a fundamental transformation' (p. 1) and furthermore, that its revolutionary improvement will be driven by two forces: commoditisation, driven by market preferences for increased economic efficiency, and a pervasive uptake of ...
