The Making of Buddhist Modernism by David L. McMahan

Buddhist modernism is not just Buddhism that happens to exist in the modern world but a distinct form of Buddhism constituted by cross-fertilization with western ideas and practices. Using primarily examples that have shaped western articulations of Buddhism, the book shows how modern representations of Buddhism have not only changed the way the tradition is understood, but have also generated new forms of ...

McMahan, associate professor of Religious Studies at Franklin & Marshall College in Pennsylvania, provides a clear and readable story about how “modern” Buddhism came to be the way it is. I very much appreciate that McMahan has tossed out the common conceit that “modernity” is exclusively the creation of the West, and that Buddhism will be “modernized” by making it more palatable to cultural westerners.

Review: The Making of Buddhist Modernism - Rethinking Religion

David L. McMahan’s book *The Making of Buddhist Modernism* is a study of the new modes of discourse and practice within Buddhism for the past 150 years, and its intellectual culture since the onset of modernity and a global community.

"With David McMahan's *The Making of Buddhist Modernism*, the study of modern Buddhism has reached a new level of maturity. This sweeping and sophisticated analysis of the ways in which westerners and Asians alike have constructed new forms of Buddhism under the pressures of modernity is thoroughly disillusioning, in the best sense of the word.

Buddhist Modernism and the Rhetoric of Meditative Experience

Buddhist modernism began in the context of European colonization and Christian missionization of peoples in Buddhist countries. It emerged both as a form of resistance to these forces and an appropriation of Western philosophy, religion, social forms, and ways of life, creating a hybrid of Buddhism and modern Western discourses and practices.
